

# CSC & CMPE Prerequisite Flowchart

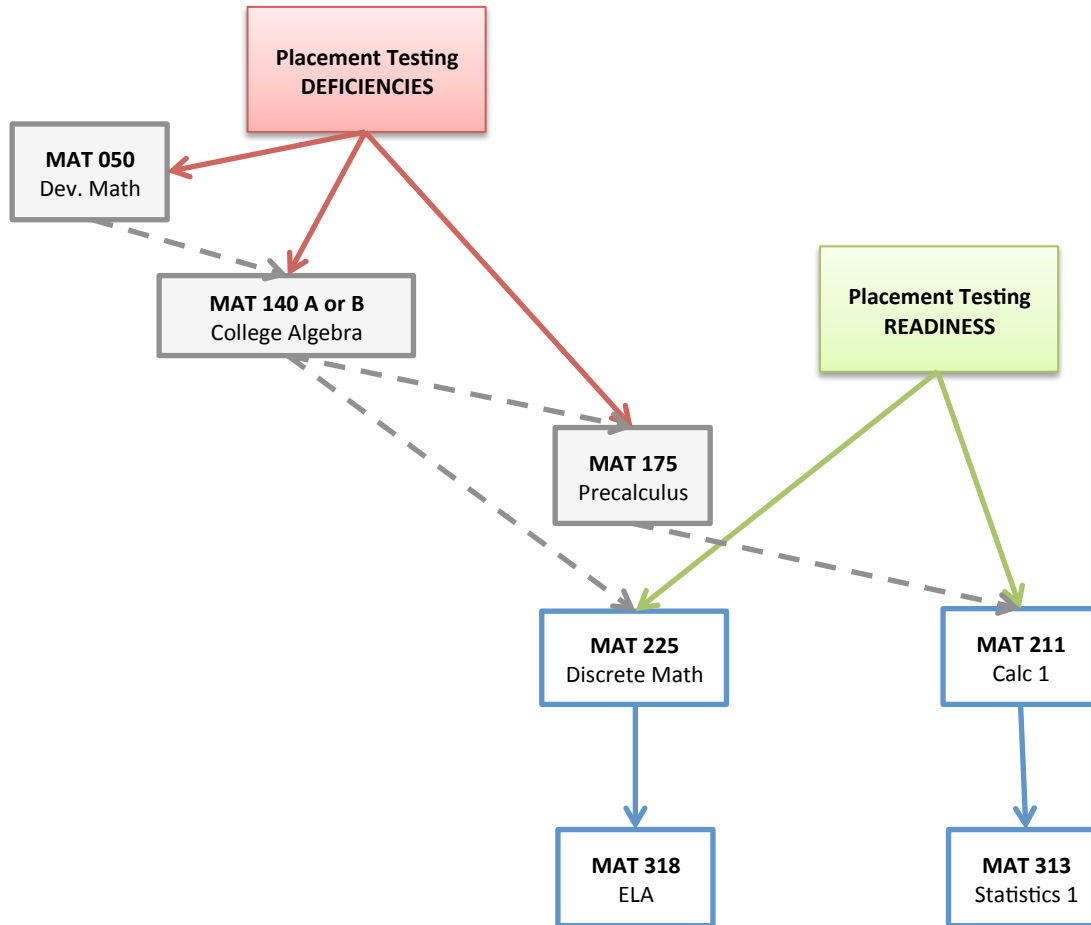

White NOT a prereq	Blue prereq for ONE or TWO courses	Red prereq for THREE or MORE courses
-----------------------	---------------------------------------	---

- Note 1:** a box with TWO incoming arrows indicates that that course has TWO required prerequisites
- Note 2:** CSC 110 has a co-requisite of CSC 106 OR CSC 107. Freshmen entering as CSC majors take CSC 107. CSC 106 students who change majors do not need to retake CSC 107.
- Note 3:** students must have a C or better in all prerequisite courses.
- Note 4:** CSC 220, 320, 322, 420, & 422 became CMPE courses with the same numbers in

Fall 2011.

## MATH Prerequisite Flowchart

Note: only MAT 211, MAT 225, MAT 313, and MAT 318 count towards a B.S. in computer science. Readiness for MAT 211 and MAT 225 is determined by AP credits or placement testing.

A student may test high enough to start MAT 225, but may also be required to take MAT 175 (precalculus) before taking MAT 211.
